Becoming a partner with RDAQ through sponsorship will make a difference to the lives and futures of children and adults living with disability in Queensland.

It will enable RDAQ to create opportunities for those who face many daily challenges in their life. It will help to build confidence and self-esteem among RDA clients. It will provide events that increase understanding across the community of the diverse abilities of people living with disabilities. It will help develop physical and emotional strengths among clients and volunteers that can be used in all areas of life.

Your sponsorship will enable you to be a part of someone's tomorrow.
